OUR STORY

In 1984 Andrew Wentzel Senior saw the need for a Wholesale Sports Company in South Africa. Wentzel enlisted the help of Jaap Engelbrecht and Niel du Toit and W.E.T. Sports was born. They set out to provide Quality Products and Quality Service to the Sports Retail Industry of Southern Africa. This is a mantra which was passed on to the next generation and holds true today 40 years later.

Managing Partners Andrew Wentzel Junior, Darren Wentzel and Patrick Franck, have worked hard at establishing good working relationships with their Sports, Fishing and Underwater clients. We are extremely grateful to our customers for their loyal support, feedback and friendship which has allowed us to grow despite many challenges over the last 4 decades.

Soaring Interest Rates, the Weak Rand, Inflation, COVID, 10 month lead times, increasing shipping costs coupled with much slower delivery are just a few of challenges over the years. Despite the trying times, W.E.T. Sports have always tried to keep their customers in the loop even when the news wasn't what they wanted to hear. Rather than make promises they couldn't keep, they prefer to keep the customer in an informed space and manage their expectations.

Our Customers are vital to our continued success and we try to listen to their needs before we source suitable products for them to purchase. We try to be partners in their businesses. We source products that they can sell with confidence and make a fair margin on.

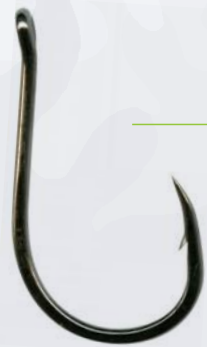

Our Staff and Agents have also been crucial to our longevity and none more so than Jean Davies. Jean has been part of the W.E.T. Sports family for more than 33 years. Most of our customers would've enjoyed an interaction or 2 with Jean in that time. Jean's willingness to help her customers over and above the call of duty, has been legendary. Shortly Jean will be going into semi-retirement but we'd like to Thank her for her extraordinary service and the example she has set during her lifetime with us. Our Thanks and Appreciation also go out to our Free State Agent Leon Lotter who has looked after our customers for more than 30 years and Jeff Harman who has serviced the KZN region for the last 17 years.

Oversized 3-D Eyes, hand tied premium dyed deer hair and Crystal Flash give the jig maximum attraction. The wire bait keeper secures natural baits or artificial trailers. 8 Color Patterns and 12 weight heads for just about anything that swims! The head has a durable and strong epoxy finish. The Bucktail Jig has a wide variety of applications in both fresh and saltwater during the summer and winter season. With many sizes to choose from, you can target just about anything that swims! Unlike so many other lures, the Bucktail Jig has no built-in action. Apply movement by bouncing, twitching, and lifting the rod to get the fish in striking mood, no matter if you are fishing vertically or casting the jig.

The Japanese inspired Mezashi Casting Jig is Mustad's latest metal lure featuring an enticing erratic action with irresistible reflective patterns. The translucent coloured eye refracts light to create an attractive natural shine in the water sure to produce a bite. For an intense wobbling action on retrieval, this jig has been built with an asymmetrical body, round on one side and triangular on the other. The 45:55 weight distribution increases the fierce action and unmatched presentation. The Mezashi Casting jig is finished off with a Mustad UltraPoint assist hook rigged to the front and an UltraPoint treble to the rear and is available in 3 weights & 5 colour options.

THE DAGGERMAN IS A 60:40 FRONT WEIGHTED VERTICAL JIG SPECIALLY DESIGNED FOR AMBERJACKS YELLOWTAILS AND DOGTOOTH TUNAS. THE DAGGERMAN IS BEST PRESENTED IN SHORT RAPID PUMPS WITH SHORT PAUSES IN BETWEEN. THE AERODYNAMICALLY SHAPED DAGGERMAN RIPS THROUGH WATER COLUMNS AND DURING THE SHORT PAUSE IMMEDIATELY DIPS ITS HEAD DOWN RESEMBLING THE NATURAL MOVEMENT OF A STRUGGLING BAITFISH. MOST HITS ARE USUALLY ENCOUNTERED RIGHT AFTER THE PAUSE IN MOVEMENT.

MJIG 03 - Moonriser Jigs

300g

THE MOONRISER JIG HAS A SLIM PROFILE WITH THE WEIGHT CONCENTRATED NEAR IT'S HEAD. DUE TO THE STREAMLINED DESIGN, IT DESCENDS QUICKLY AND IS GREAT FOR FISHING SPOTS NEAR STRUCTURES, SUCH AS WRECKS. IT CUTS THROUGH WATER WITH MINIMAL RESISTANCE AND ALLOWS ANGLERS TO JIG IN DEEPER WATER. LONG STROKES WITH A MODERATE RETRIEVAL SPEED ARE IDEAL FOR THE MOONRISER.
