THE W.E.T SPORTS STORY

In 2024, W.E.T Sports was fortunate enough to celebrate our 40th Birthday. This is largely thanks to our loyal customers, our dedicated staff & hard working agents as well as our innovative suppliers. Thank you for the part you have played in our story.

When Andrew **W**entzel Senior, Jaap **E**ngelbrecht & Niel Du **T**oit started **W.E.T Sports** in 1984, they focused on providing **Quality Products** and **Quality Service** to the sports retail industry of Southern Africa. This mantra still holds true today.

Managing Partners Andrew Wentzel Junior, Darren Wentzel and Patrick Franck, have worked hard at establishing good working relationships with their Sports, Fishing and Underwater clients. We are extremely grateful to our customers for their loyal support, honest feedback and excellent friendships which has allowed us to grow despite many challenges over the last 4 decades.

Our Customers are vital to our continued success and we try to listen to their needs before we source suitable products for them to purchase. We try to be partners in their businesses. We source products that they can sell with confidence and make a fair margin on.

We have been spoilt with long serving staff over the years and none more so than Jean Davies. Jean is now semi-retired but still comes in to assist where needed a few times a week. Leon Lotter in the Vrystaat has been looking after our customers needs for over 30 Years and Jeff Harman in Kwazulu Natal is fast approaching 20 Years with us. We salute all your efforts over the years.

To help customers we launched our B2B platform last year which allows you to keep track of the latest price as well as live stock holding. Contact the office if you aren't already linked.

Thank you for your continued support - The Team @ W.E.T

TRICOLOUR MOUTHGUARD

QUICK & EASY MOUTHGUARD INSTRUCTIONS

You'll need your new Mouthguard, scissors, enough boiling water to submerge the Mouthguard, a bowl of ice water and a towel.

- 1.) Trim Mouthguard to fit comfortably in your mouth.
- 2.) Submerge Mouthguard in the boiling water for 30 - 60 seconds.
- 3.) Using your thumbs, push it up and back against your molars and bite down firmly without chewing.
- 4.) Place Mouthguard in the ice water for a minute to set.

MAXTAPING

100% cotton without medicinal additives. Innovative design of MAXTAPING® can reduce edema and inflammation, maintain normal structural alignment, increase range of motion, and prevent injury. Highly-flexible and can extend up to 140% of its natural length allowing for a full range of motion without restricting soft tissue movement. Unique design results in skin lifting, increased circulation of blood and lymph flow, improved metabolism and pain/edema relief.
